2018 - 2019

Who are Space4Autism?

Space4Autism was set up by a group of parents in 2005 and we now provide help and support to over 600 families affected by autism.

We hold regular meetings for parents, carers and all age groups of people on the autistic spectrum and also run a range of clubs for all ages using ASC trained staff. Some of the other services we offer include a wide range of courses, special events, days out and drop-in sessions.
